<b>Key</b>								

\* Note difference between Humalog and Humalog U-200. <sup>+</sup> Note difference between Humulin R and Humulin R U-500. <sup>±</sup> Note difference between Novolin 70/30 (70% NPH/30% Regular) and NovoLog Mix 70/30 (70% aspart protamine/30% aspart). <sup>▲</sup> U-100, U-200, U-300, and U-500 are different concentrations of insulin. Higher concentrations are typically used in very insulin-resistant people.
